Graduates,

We want your graduation to be a memorable and safe occasion. This event takes a lot of work and planning along with many donations from parents, the community, and local businesses. All you are asked to do is have fun, be safe, be responsible, and be respectful. Nearly 90% of our seniors attend Project Graduation each year and so far no SL senior has been involved in an alcohol related accident or received a DWI on graduation night. It is our goal to promote your safety and continue this proud South Lenoir tradition.

Thank you,

SL Project Graduation Committee
