

10TH GRADER

Prepare for the PreACT!

The PreACT is a test similar to the ACT standardized test administered for free in the fall of 10th grade.

Taking the PreACT or PSAT (similar to the SAT test) allows you to practice standardized test questions. This will show you the areas that could use extra studying for the ACT or SAT.

These tests can also qualify you for National Merit Scholarships depending on your scores!

Talk to your School Counselor or GEAR UP staff about how to prepare for the PreACT or PSAT this Fall. They can help you find test fee waivers if you qualify.

Visit CFNC.org for practice test questions.
