

#HOW²COLLEGE NC

10TH GRADER FAMILY

Prepare for the PreACT!

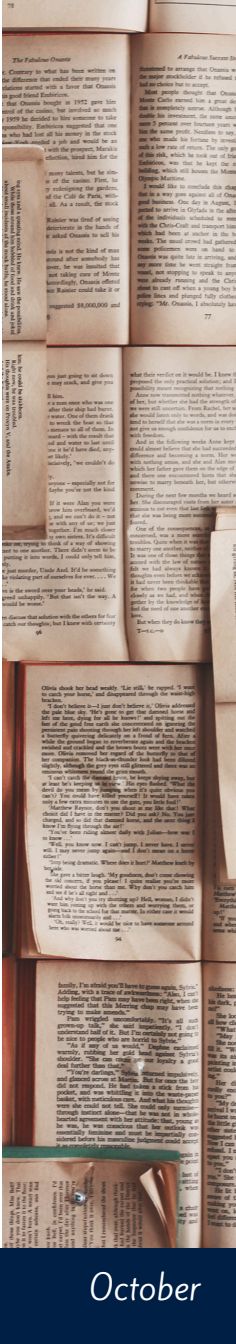

The PreACT is a standardized test similar to the ACT test (the ACT is a standardized test required by many colleges.) It is administered in NC for free in the fall of 10th grade.

Taking the PreACT or PSAT (similar to the SAT test) will let your student practice standardized test questions and show areas for improvement for the ACT or SAT next year.

These tests can also qualify your student for National Merit Scholarships depending on their scores!

Encourage your student to talk to your School Counselor or GEAR UP staff about how to prepare for the PreACT or PSAT this Fall. They can help you find test fee waivers if you qualify.
