11TH GRADER

Attend a College Fair!

Look for college fairs and info-sessions at your high school or in your community.

These are great opportunities to let the professionals answer your questions and to learn more about the application process and college life in general.

Make sure to ask about available forms of financial aid and specific directions for applying to different colleges.

Ask your School Counselor or GEAR UP staff if they know of any info-sessions near you. Prepare a list of your questions and concerns to get the most out of these events.
